Premium Rolling Trimmers

448 Premium Rolling Trimmer

30 Sheet Capacity | *Self Sharpening* | *Auto Clamp System* | *German Engineered* | *Lifetime Warranty*

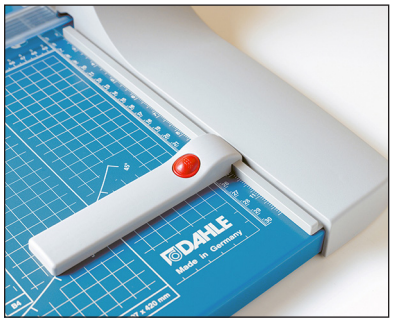
Rolling Trimmers are the new generation of paper cutters. Designed for safety and accuracy, the cutting blades are encased in a plastic housing that virtually eliminates the chance of injury. The rotary action of these trimmers allows the blade to cut in either direction and sharpen itself as it cuts. It's this self-sharpening action that produces a clean, burr-free cut and guarantees many years of smooth precise trimming.

Dahle's 448 Premium Rolling Trimmers is designed for heavy duty applications where precision is essential. Whether you are cutting mat board or a single sheet of paper, you can expect to receive the same burr-free cut each and every time. This cutting capacity is made possible by a thick walled, square aluminum guide rod which provides maximum strength with minimal side movement of the cutting head. An optional floor stand is available for the 448 or the trimmer can be placed on a table or mounted to a wall.

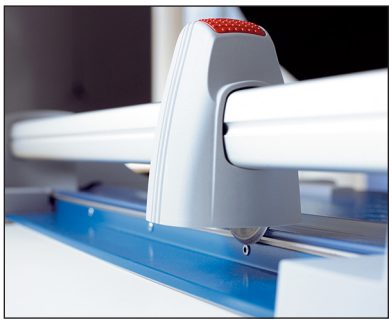
The Dahle 448 Premium Rolling Trimmers has a 51 ⅛" cut length and is a popular choice among professional photographers, picture framers, and print & copy shops.

Features

- **Blade is encased in a protective housing**
- **Cuts up to 20 sheets of paper at a time**
- **Easily trims standard size mat board**
- **Self sharpening blade cuts in either direction**
- **Automatic paper clamp holds work securely**
- **Sturdy metal base with preprinted guides**
- **Imprinted protractor for angled cuts**
- **Optional stand maximizes floor space**
- **German engineered for precision and accuracy**



Adjustable guide can be mounted on either side of the trimmer to easily line up repetitive cuts.



Features a ground self-sharpening rotary blade that cuts in either direction.
