

Assembly Instructions for Wire Bin Roll File No.WRF34

(2/3)

CONTENTS		
Key	Qty	Description
A	2	Large Grids
B	2	L-Shaped Grids
C	1	Large Grid Divider
D	1	Small Grid Divider
E	1	Outer Support Frame
F	1	Face Grid
G	1	Base Grid
H	4	Caster Assemblies (16 Screws,Nuts)
J	45	Small clips
K	3	Large clips
L	1	Dust protector Bottom Cover

TOOLS: SCREWDRIVER, PLYERS OR SMALL WRENCH-

NOTE:

Plastic clips can be snapped on easily by hand but pliers may be necessary for removal. Most grid sections require only 2 clips per side for support. For safety, clips attached on exterior of cart should be positioned with flanges facing inward.

(See reverse side for assembly)

CLIP ATTACHMENT

1. Attach casters (H) to base (G).
2. Using Plastic clips, attach one large grid section (A) to back of base (G).
3. Attach two "L" shaped grids (B) to base (G) and back (A).
4. Place dust protector bottom cover (L) on base (G).

7. Attach face grid (F) to base and sides.

8. Attach small divider (D).

5. Attach second large, grid (A) to sides.

9. Attach outer support frame (E) and extra clips where needed. (Be sure to position support bar below top of face grid (F) as shown for greater stability.)

6. Insert and attach large divider grid (C).
