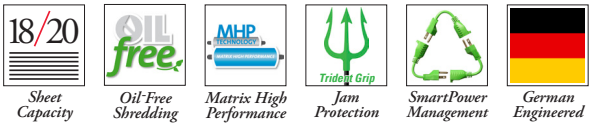
Office Shredder

50414 Matrix High Performance Shredder



Sheet Capacity | *Oil-Free Shredding* | *Matrix High Performance* | *Jam Protection* | *SmartPower Management* | *German Engineered*

The Dahle 50414 MHP Oil-Free shredder is designed to accommodate the needs of most busy offices. It's oil-free, hassle-free, and perfect for destroying marketing plans, health records, and any other confidential information that should not be seen by others.

Oil-Free Shredding

Wondering when your shredder was last oiled is no longer a concern with this oil-free, hassle-free shredder. Through clever engineering, this machine maintains peak performance without the aid of oil.

Matrix High Performance

The 50414 features aggressive cutting cylinders that are fused to a solid steel shaft. This creates an incredibly strong bond providing superior shredding capabilities.

Trident Grip Protection

The cylinder design produces three continuous points of contact with the paper. This smooth, even pull prevents the paper from becoming wedged to either side, and provides unprecedented jam protection.

SmartPower Energy Mgmt.

This multi-stage system reduces power after ten minutes of sitting idle, and completely powers down after an additional 20 minutes of inactivity. Dahle SmartPower will appeal to those interested in conserving energy as well as reducing electrical costs.

This MHP shredder is German Engineered from over 85 years of experience. The result is a quality machine and peace of mind in knowing the cutting cylinders are guaranteed for life.

Product Features

Oil-Free / Hassle-Free Shredding
- *-Maintains performance without the need for oil*
- *-Environmentally friendly*

Matrix High Performance Cylinders
- *-Unique design improves cut, feed, & capacity*

Trident Grip Jam Protection
- *-3 continuous points of contact prevents paper shift*
- *-Reduces jams and eliminates frustration*

SmartPower Energy Management
- *-Reduces energy consumption automatically*
- *-Saves on electrical costs*

Convenience Features
- *-Automatic on/off convenience*
- *-Bin-full automatic shutoff*
- *-Energy saving standby mode*

Shreds credit cards, paper clips, & staples

Aggressive cutting edges provide grip, and superior shredding performance.

The command dial controls power up, reverse, and continuous run functions.
